

Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

FORT WILLIAM, 7th October, 1840.

No. 218 of 1840.—1. In continuation of General Orders of the 8th July last, No. 146, the Right Hon'ble the Governor General of India in Council is pleased to direct that the consolidated rates of Pay therein laid down, for the Non-Commissioned Officers and Privates of Her Majesty's and Hon'ble Company's Services, are to be drawn for men in confinement: the amount being disposed of\* as directed in G. O. No. 184, 21st November 1829, and the prisoner being dieted under the regulations at present in force.

2. The same rates of Pay are to be drawn for men in Hospital, who will continue to be dieted by the Commissariat, as at present, in conformity with the Medical Regulations.

3. One month's pay to defray Funeral Charges as authorized in G. O. 5th October 1827, No. 207, will also be drawn at the above rates, for men deceased, whose bodies require sepulture.

4. The Pay of Boys attached to Her Majesty's Regiments of Dragoons, and Infantry, will be allowed as heretofore, at 5d. for the former, and 6½d. for the latter per day, with the new scale of rations. The Pay converted into Indian currency, at the rate of 2s. 0½d. per Rupee, will stand as follows:

	For 25 days.	For 20 days.	For 30 days.	For 31 days.
Cavalry.....	5 11 5	5 14 0	6 2 0	6 6 3
Infantry, ...	7 5 10	7 11 1	7 16 4	8 3 7

5. The future rate of dry batta (or compensation in lieu of rations without spirits) payable, where, necessary, by the Commissariat Department, will be the same as at present, namely, Company's Annas (3-4.) Three and Four Pie per diem, this amount being a close approximation to the actual and general average cost of the new scale of rations, less the compensation for liquor, to be included in the future consolidated Regimental Pay of European Soldiers.

6. In cases where detachments moving or stationary may be without a Canteen Establishment, and it may become necessary in consequence for the Commissariat to issue Rum to the men, the rate of payment is to be Ten Pie for each dram, as he recovered by bills drawn by the department on Paymasters of Regiments, or Officers drawing the pay of of the men thus supplied with liquor.

7. Whenever it may happen, that any of the articles prescribed for the Soldier's future rations, shall not be obtainable, Compensation in lieu is to be paid

\* After providing for subsistence and clothing, the surplus to be appropriated towards the Regimental School, or otherwise usefully expended for any public and Regimental purpose, at the discretion of the Commanding Officer.

by the Commissariat at such rates, as will accord with the cost to Government of the same Articles, at the nearest European Station—the Commissariat Officer of which will grant a monthly certificate of such cost, for the information and guidance of the parties concerned.

8. It is left to the discretion of the Commissariat Department to issue either Tea or Coffee (or a proportion of both) as an article of the daily rations, as may be most convenient, or as circumstances may demand; but it is to be understood, that where both articles are procurable with equal facility, the wishes of Commanding Officers should be attended to.

9. In consequence of the difficulty of making the necessary arrangements for the introduction of the new scale of rations, in some of the more distant stations of the Bengal European Troops, it is hereby directed, that the provisions of General Orders, 8th July 1840, instead of having effect from the 1st November next shall come into operation throughout the Presidency of Fort William, from the 1st January, and in Afghanistan, from the 1st March 1841. The Governments of Madras and Bombay will adopt such similar measure of postponement, as may be considered expedient.

10. The extra daily allowance of half a pound of meat at present issued to the European Troops serving beyond the Indus is to be continued to them, should the General Officer Commanding the Troops in Afghanistan consider the allowance necessary, as a special indulgence, after the introduction of the new scale of rations, and until further orders.

11. The existing Regulations for the supply of Rum to Canteens, by the Commissariat, are not affected in any way by the new system of rations now under advertence.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applying for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

*First.*—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

*Second.*—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTIFICATION.

FORT WILLIAM,  
SECRET DEPARTMENT,  
THE 10TH OCTOBER, 1840.

The Governor General in Council has great satisfaction in giving publicity to the annexed copy of a despatch from Major General Sir Willoughby Cotton, K. C. B. and K. C. H., Commanding Troops in Afghanistan, announcing a brilliant success gained by a party of the 35th Regiment N. I. and of H. M. Shah Soojah's Troops, over Dost Mahomed Khan and his Oosbeg Confederates.

By order of the Right Hon'ble the Governor General in Council,

H. TORRENS,  
*Offg. Secy. to the Govt. of India.*

*Camp Cabul, 20th September, 1840.*

SIR,—I have the greatest satisfaction in apprising you for the information of the Governor General, that I have this morning received accounts from Brigadier Dennie, dated the 18th instant, of a most brilliant action which took place on that day, wherein the Brigadier, with 230 of the 35th N. I., 270 of the Goorkha Corps; 2 guns, in conjunction with a party of Captain Anderson's Cavalry, the Jaunbazes and a few men of Captain Conolly's escort, totally routed the combined forces under Dost Mahommud Khan, and the Walee of Khoolum, wounding the former, and capturing his Tents, Kettle-Drums, Baggage, some Standards, and the only Gun he brought

into the Field (a large 16-pounder) with a further loss to the enemy of 500 killed, and a proportionable number of wounded.

The Brigadier speaks in the highest terms of the conduct of the Troops of all Arms engaged, which I shall fully detail when the official report reaches me: the loss on our side, the Brigadier mentions, as comparatively small. Lieut. Legeyt of the Cavalry, and Captain Hart of the Jaunbazes, are the only Officers, his private letter names, as wounded.

The flight is represented as complete.

Brigadier Dennie's decision and judgment, in immediately with the Force, though small, which he had with him, attacking the enemy, deserves in my opinion the highest praise.

This action will have the best effect and be the means of tranquillizing the spirit of insurrection which was rife in various parts of the country, and of effectually destroying all influence Dost Mahommud might have hoped to have exerted. The official report shall be transmitted the moment it reaches me.

I have, &c.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

4th.—The Parties will be required to place in the hands of the Board of Commissioners, Salt and Opium, Bills of Lading of the Consignment, and Policies of Insurance effected thereon, both

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. 10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.*

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 5 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

**FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 5TH OCTOBER, 1840.**

The following Draft of a proposed Act was read in Council for the first time on the 5th October 1840.

ACT No. — of 1840.

*For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.*

Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and to confine the appropriation of such rates to some only of the various purposes to which they have hitherto been deemed applicable. And whereas it is expedient to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such percentage being inadequate for the purposes to which the rates have hitherto been deemed applicable, and which purposes it is proposed to limit by the present Act. And whereas it is expedient to make the percentage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall hereafter be applicable, and providing for all incidental expenses and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds

raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52 in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, cleansing, watering and repairing the roads and streets of the said Town.

2. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expenses, and for making up deficiencies and defaults of every kind whatsoever.

3. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular districts being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expenses of collection and deficiencies during the preceding quarter within the following districts of the Town, so long as the assessment collection or management of the rates for such districts shall remain under their jurisdiction, viz. The districts of \_\_\_\_\_,

4. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorize the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chatties of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zonana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the

rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

WEDNESDAY, OCTOBER 14, 1840.

PORT WILLIAM,  
JUDICIAL AND REVENUE DEPARTMENT,  
THE 28TH SEPTEMBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolutions and Schedule relative to Works of Public Utility constructed by Individuals at their own private cost within the North Western Provinces, be published for general information.

*Resolution by the Right Hon'ble the Governor General of India in Council.*

In continuation of the Memoir published in the Calcutta Gazette of the 16th March 1835, the Right Hon'ble the Governor General of India in Council, cordially concurring in the sentiments expressed in the Resolution recorded by the Hon'ble the Lieutenant Governor N. W. Provinces, dated the 20th July last, upon the subject of Works of Public Utility executed throughout the N. W. Provinces at private cost, and being desirous that the greatest publicity should be given to the honorable examples of public spirited munificence contained in the List which is appended to it, is pleased to direct that the Resolution in question, together with the Schedule appended to it, be published for general information in the Calcutta Gazette, and in the Bengalee and Oordhee Gazettes.

*Resolution by the Hon'ble the Lieutenant Governor N. W. Provinces, dated the 20th July 1840.*

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1830, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, with a list of their names—His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, that although of the Works reported there are none on a very extensive scale, yet there are many of great local importance, and which from their number form no inconsiderable addition to the operations of public improvement now in progress throughout those Provinces.

To those individuals who have thus distinguished themselves as public benefactors, the thanks of Government are due, and His Honor expressed a sincere hope that they will persevere in a course which is productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals who are in His Honor's opinion pre-eminently entitled to notice.

*Division Allahabad, Zillah Allahabad.* Dakehund Mittur constructed at an outlay of Rupees 44,000 1 Tank, 2 Wells and an avenue of trees; also a Bazaar, all of which are thrown open to the public. In return for this munificence, the Commissioner recommends, that he be presented with a Khelut of 5 Parganas.

*Zillah Futehpore.* Zoolfacar Ally Bahadur has erected a Pucka Serai on the high road, at an expense of 5000 Rupees.

*Division Meerut, Zillah Bulandshahr.* The thanks of Government are due, in the opinion of the Commissioner, to Rajah Kishen Chund, Jagheerdar of Buradah, for the construction of 2 Puckah Bridges one over the Chooson Nuddes at an expense of Rupees 7,000, and one over another Stream, of the same name, at a cost of 4,400, both works of great utility,—total expense 11,500 Rupees.

*Division Rohilkhand, Zillah Shahjahanpore.* Sunkur Sahasee built at the expense of 800 Rupees a Puckah Bridge over the Buzan Nullah. The Commissioner recommends that a Medal or title as Koonwar, be conferred on him in return.

His Honor confidently hopes that the excellent example afforded by these individuals will be cordially followed by many others, and thus private munificence may form an union with the exertions of the Government in promoting and executing such works as will bring into action the resources of this vast country, and add greatly to the comfort and happiness of its inhabitants.

Assistant Secy. to Govt. N. W. P.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandise consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

## TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,  
UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

s. d.

For Company's Rupee for Advances made at.....	Bengal.

Ditto.....	Bombay.
For Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,\* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in such Insurance's Letters in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) in any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

*Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.*

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will. 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

## OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mail, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by this route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of repaying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

CHANCERY CROSS.**Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.**

**T**HE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

**ADVERTISEMENT.**

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, showing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 8th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

**FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,**

THE 19TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 19th of October 1840.

ACT No. — 1840.

*An Act for the better protection of the Abkaree Revenue.*

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commissioner acting under the direction and control of the Board of Customs, Salt and Opium, and it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal:—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N. W. Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI. Regulation N. 1813, to be Superintendents of the Abkaree Revenue, and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local

limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause in the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Abkaree Department above the rank of Jemadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorized and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together with all parties concerned in the transaction who may be found on the premises.

VI. And it is hereby enacted, that except in cases already provided for by Section XVIII Regulation V.1 of 1824, if any person or persons shall by threats or violence prevent the lawful arrest of any person by an Officer duly authorized to seize illicit stills, fermented or spirituous liquors, or intoxicating drugs and materials for the manufacture of the same, or shall procure by unlawful means his release after arrest, or shall obstruct any Officer duly authorized in making search for or seizure of any of the above mentioned illicit articles, or shall rescue such articles after seizure, or if the party found with any such illicit articles in possession, or any other person or persons shall resist such Officer in the execution of a legal process, such person or persons shall severally and respectively be liable on conviction before a Magistrate, to be sentenced for the same to pay a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment for a term not exceeding six months, provided that such person or persons shall be further liable, in the event of an affray or breach of the peace occurring, in consequence of his or their resistance, on conviction of the same before a competent tribunal to such punishment as is prescribed in the general rules applicable to cases of affray and breach of the peace in addition to the penalties above prescribed for the resistance of process.

VII. And it is hereby enacted in modification of Clause 2, Section XXII Regulation X of 1813 of the Bengal Code, that if any person shall wilfully and maliciously give false information in respect to there being an illicit still, or illicit stills, or fermented or spirituous liquors, or intoxicating drugs or materials prepared for the manufacture of spirituous liquors

and drugs in any premises, and so procure that such premises shall be searched to the injury and vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, on conviction of the offence before any Magistrate, besides being subject to any other penalties or damages (to which he would be subject under the general law) be liable to imprisonment with or without labor for a term not exceeding two years, and to fine not exceeding 500 Rupees, commutable to a further term of six months if not paid.

VIII. And it is hereby enacted, that whenever any Officer of the Abkaree Department duly authorized under Section V of this Act shall arrest any person charged with an infraction of the Laws for the protection of the Abkaree Revenue, or shall seize any still, or fermented or spirituous liquors or intoxicating drugs, or enter any premises for the purpose of searching for such illicit articles, he shall make a full report of all the particulars of such arrest or seizure or search to his official superior, within twenty-four hours after the transaction has occurred.

IX. And it is hereby enacted, that whenever any person may be arrested by an Officer employed in the Abkaree Department or by any other Officer of other Departments duly empowered to make seizure of illicit stills or spirituous liquors, or intoxicating drugs, or materials prepared for the purpose of manufacturing spirituous liquors or intoxicating drugs, the person making the arrest shall be bound to carry the party arrested with all convenient despatch to the Officer of the Department who may be competent to try the case, and no person so arrested shall be released until the case shall have been brought to judgment in the manner provided by Law.

X. And it is hereby enacted, that any Officer who shall neglect to report all the particulars of an arrest, seizure, or search within 24 hours after the transaction has occurred, or who shall delay carrying the person arrested to the proper Officer with all convenient despatch, or who shall release or connive at the escape of the person arrested shall be liable, on conviction, to dismissal from his situation, and to pay a fine not exceeding 200 Rupees, and to imprisonment for a term not exceeding three months, and in case of non-payment of the fine, to further imprisonment not exceeding three months, and the sentence shall be adjudged by any Officer competent to adjudicate cases of contravention of the Abkaree Laws.

XI. And it is hereby enacted, that it shall be lawful for any Officer employed in the Abkaree Department to enter and inspect at any time, by day or by night, the shop or premises in which any licensed Abkar shall carry on the sale or manufacture of fermented or spirituous liquors, or intoxicating drugs or liquors, in order to satisfy himself that nothing is going on in contravention of the Abkaree Laws, or of the conditions of the license.

XII. And it is hereby enacted, that if any Officer of the Abkaree Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for illicit stills, spirituous liquors, intoxicating drugs, or the materials for manufacturing the same, or of having vexatiously and unnecessarily arrested any person, or of committing any other excess not required for the execution of his duty, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid to a further imprisonment not exceeding six months.

XIII. And it is hereby enacted, that whenever in this Act or in any other law the terms "Officers employed in the Abkaree Department," are used they shall be deemed and construed to apply to such Officers as receive salary from and are appointed by the persons in charge of the Abkaree Department in the District, or such Officers as the Commissioner of the Abkaree Revenue may by special delegation or appointment empower to act in relation to this branch of the Revenue.

XIV. And it is hereby enacted, that every person holding a license for the manufacture or sale of fermented or spirituous liquors or intoxicating drugs, shall preserve such license at the shop or premises specified in the body of the license, and shall exhibit the license on the demand of any Abkaree Officer, who shall desire to inspect the same, and any such licensed manufacturer or vendor who shall refuse, or be unable to produce his license on the demand of any Abkaree Officer, shall be liable to a fine not exceeding 200

Rupees, or to imprisonment for a term not exceeding three months, and in case of non-payment of the fine to further imprisonment not exceeding a like term.

XV. And it is hereby enacted, that one moiety of all fines realized from persons convicted of the illicit possession or manufacture or sale of fermented or spirituous liquors or intoxicating drugs, excepting Opium, and of the proceeds from sale of articles confiscated, shall upon adjudication of the case be awarded to the Officer or Officers who may have apprehended the offender or seized the illicit articles, and the other half shall be given to the informer as provided in Clause 8, Section XXII. Regulation X. of 1813, and if no fine be realized, the Commissioner may recommend through the Board of Customs, Salt and Opium such reasonable reward, not exceeding the sum of 200 Rupees in each case as may appear to him fit,—provided however, that it shall be competent to the Board of Customs, Salt and Opium to prescribe by General Order what classes of Officers of the Department shall receive reward and what classes shall have no title to participate therein.

XVI. And it is hereby enacted, that any Officer employed in the Abkaree Department, who shall be convicted of conniving at the manufacture or sale of fermented or spirituous liquors without license, or by any licensed manufacturer or vendor contrary to the terms of such license, shall be liable to the same penalties that would be incurred by the offender at whose act in contravention of the law he so connived.

XVII. And it is hereby enacted, that whenever any person shall be convicted of an infraction of the laws for protection of the Abkaree Revenue after having been previously convicted of a like offence, he shall be liable, in addition to the penalty attached to such offence, to imprisonment in the Dewanny Jail for a period of six months, and a like punishment of six months' imprisonment shall be incurred, in addition to the punishment which may be inflicted for a first offence, upon every subsequent conviction after the second, and the warrant of the Officer adjudicating any case under the provisions of this Section shall be authority for the Judge or other Officer in charge of the Dewanny Jail to hold the person described therein in confinement in such Jail, and for such time as may be specified and required in the said warrant.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 19th day of December next.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.
